ABOUT ME

I love art in general so that's why I also have a career as an artistic and commercial photographer.

I'm a soccer photographer for Deportivo Saprissa since 2016, and also I'm an always learning and enthusiast portrait photographer, I love connecting with people that way.

I have designed and published two photo books, «National Stadium, Metamorphosis of an Icon» in 2011 and «Ahed for Red»in 2021.

Being able to edit, design and publish two photography books so far, make me feel like a better professional and communicator.
